

Dear resident/business

## Start of construction - Cobblebank Station car park expansion

VicTrack is delivering an expansion to the Cobblebank Station car park.

The car park is being expanded with 80 new car parking spaces, including 77 standard spaces, two accessible spaces and one dedicated V/Line staff parking bay.

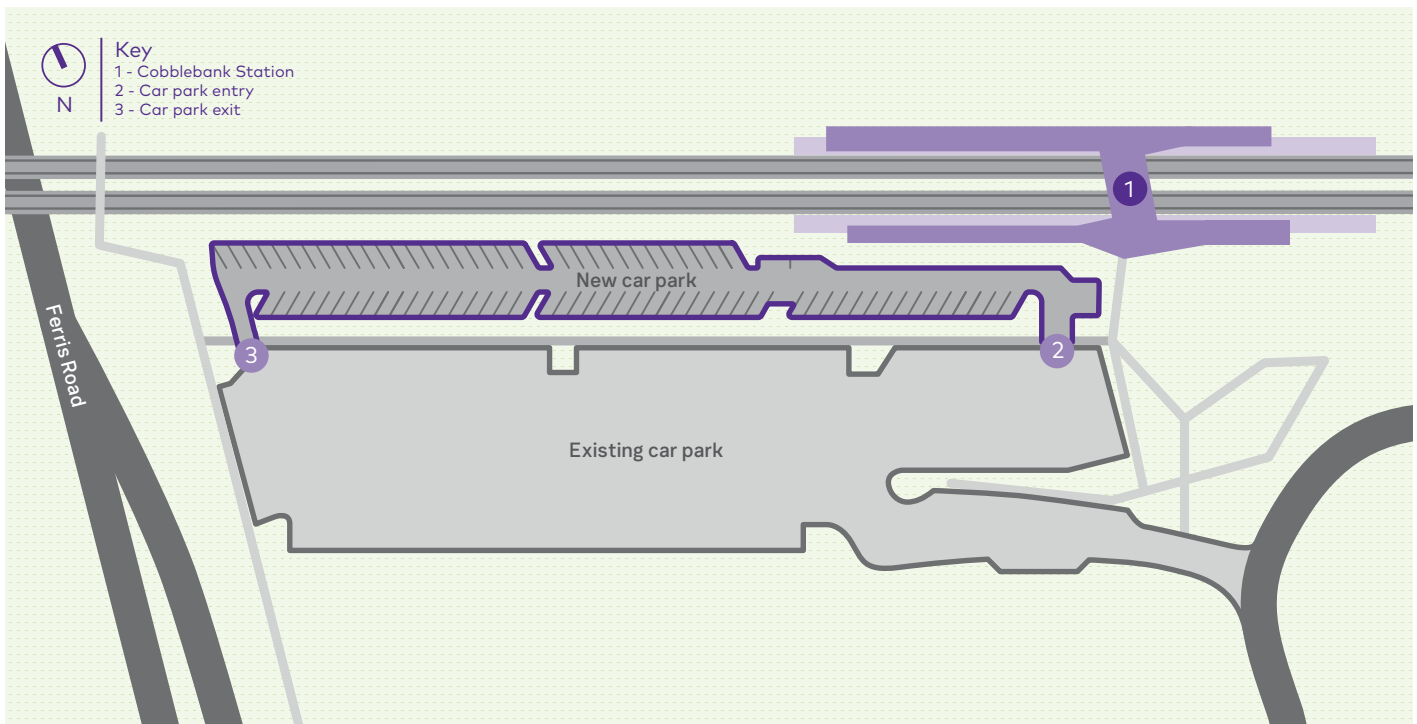

The new car park will include CCTV, lighting, landscaping and wayfinding signage.

### About the works

Construction of the car park will begin on Monday 4 July 2022.

During the works, traffic management will be in place and barriers will be installed for the safety of station users and residents. Please follow all signs in place.

The works will not impact train operations. The majority of works are scheduled to take place from Monday to Friday during normal construction hours. If you are nearby, you may hear noise from the works.
