

Upwey temporary car park construction

To help support the construction of a new multi-level commuter car park at Belgrave Station, VicTrack is building a temporary car park in the area behind Upwey High School and Upwey Primary School.

The car park will provide a single location for commuters to park while the new car park at Belgrave Station is built. This will reduce the need for station users to park in neighbouring streets and Belgrave's town centre.

An improved oval, new pedestrian path, fencing and lighting will be delivered as part of the project.

How long will the works take to deliver?

Yarra Ranges Council has provided planning approval for the car park, which will be built by contractor ADCO on behalf of VicTrack.

Works will take place from Thursday 9 December 2021 and take up to four months to complete.

Once complete, the temporary car park will be in place for approximately 12 months while the new car park at Belgrave Station is built. Once the car park is no longer required the land will be returned to the schools.

The works to build the temporary car park are scheduled to take place during daylight hours. We appreciate that these works will be disruptive, and efforts will be made to minimise construction impacts.

The construction site will be fenced, and residents should take extra care when they are near the construction zone and observe all signs in place.

How will the works affect the use of the school oval?

VicTrack is working with the schools to minimise the impact of the construction on the schools and the local community.

Primary school students will continue to have access to their existing open space. High school students will have a temporary reduction in available open space. However, students will continue to have access to the four-court sports hall.

Neighbourhood Safer Place

Your local Country Fire Authority's Neighbourhood Safer Place (a Bushfire Place of Last Resort) on the Upwey Recreation Reserve will remain accessible.

More information

Works to construct the multi-level car park at Belgrave Station are being delivered by VicTrack on behalf of the Victorian Government as part of the Car Parks for Commuters program.
